

Virtual public exhibition

Displaying proposals for Sutton Court Farm, near Richings Park, Bucks.

Ingrebourne Valley Ltd are hosting a **virtual public exhibition** to get feedback from residents for proposals to develop Sutton Court Farm into a quarry for sand and gravel extraction.

Due to the Covid-19 pandemic, the public exhibition will be held online. However, you will still be able to review our proposals, talk to the team and have your say.

The consultation will be open for feedback for two weeks, from **Wednesday 28th October** until **Wednesday 11th November 2020**. Any information displayed will still be available to view after the consultation period closes.

You can also sign up for our dedicated Q&A sessions which will be taking place via the platform, between 6pm and 7pm on:

- Tuesday 10th November; and
- Wednesday 11th November

Find out more information by typing **ingrebournevalley-scf.virtualexhibition.info** into your internet browser or by scanning the QR code.

If you do not have access to the internet but would still like to view our plans and submit your feedback, please call 020 3657 1326 to speak with our community consultation team EQ Communications, or email charlie@eqcommunications.co.uk

Ingrebourne Valley Limited

Who we are

Ingrebourne Valley Ltd are an accredited quarrying company and extract and supply primary building materials to the London and wider South East construction market which helps to support a sustainable and prosperous built environment for the UK.

We have a proven track record in restoring former quarries to 'best and most versatile' agricultural land, public open space and/or biodiversity conservation areas, often managed in the long term by managing agents or other environmental charities.
