

Additional analysis by Neighbourhood Planning Group member Question 19

Are there parts of The Ivers where new housing should NOT be sited? If so, where and why?

313 responses

28 people did not answer this question

Not on the green belt was the response from 81 answers

Not on green areas/farmland: 24

Not on Iver Heath Fields: 58

Not near the M25 motorway: 15

Land between Langley and Richings Park (Slough expansion) 14

Not in Iver Heath generally: 18

Not in Richings Park generally: 19

Not in Iver village generally: 17

Not on land south of village (DW homes proposal): 6

Not on the business parks Thorney business park/Ridgeway/Court Lane: 12

Not on Swallow St/Evreham: 12

The value of open green space was generally the reason for the response given, particularly in relation to Iver Heath Fields, and many stated that the reason for the comments related to the existing HGV/traffic issues and the current lack of adequate infrastructure which could not support more development. The separation between the villages and Slough/Hillingdon was important. In the case of the business parks the retention of employment was raised.
