

Additional analysis by Neighbourhood Planning Group member Question 24

Q24 How do you think parking should be provided in new housing developments?

326 responses

27 did not answer

14 reiterated no development

yes 62

Off street (not including the grass verge!) 140

Residents only 17

In garages adjacent to the dwelling 18

Underground 29

Car park provision 14

Need to include visitor parking provision 13

Many responded that there need to be proper parking standards to reflect the number of bedrooms and current levels of car ownership, particularly for bigger houses.

A minimum figure of 2 per dwelling was put forward by 70
