

Additional analysis by Neighbourhood Planning Group member Question 25

Q25 In consultations on its emerging local plan, Slough Borough Council is considering asking South Bucks District Council to agree to land within Iver Parish (just to the west of Richings Park) to be allocated for housing as part of a new 'garden suburb' extension of Slough. The land in question is within the Green Belt and also part of the Colne Valley Park.

Please comment on this proposal, whether or not you consider it acceptable and, if so, what conditions or constraints should apply? If you consider this unacceptable, please say why?

29 did not answer the question

Not acceptable 282

Acceptable/possibly acceptable 40

Reasons:

Greenbelt 111

Change the character of the area 25

Need to keep a separation between Slough and RP/Iver 64

In CVP 14

Slough have enough land of their own they can use and should manage their own need 69

Increased traffic 12

Would provide a relief road 9
