

Delaford Colts FC's Proposed Signage.

The Chairman has sent the proposed design below for their football signs and would like approval from the Facilities & Events Committee for these signs to go up on the building of the Jubilee Pavilion.

Design and comments from the Chairman of Delaford Colts FC:

The design below is the final proposal for the notice signs and apart from maybe a minor colour or font tweak this is what Delaford Colts FC would like to go with.

There will be 2 signs one for the side and one for front of the building.

Sizes of the signs: Front Building Sign = 2m x 2m
Side Building Sign = 2m x 1m

We are looking at about 4 weeks for the signs to be produced from the time of approval of artwork.

The Football club have a professional member who can fix the signs on to the wall.
