152	A12. The small supermarkets, chemists, dry cleaners and post offices. Many elderly residents do not have their own transport, so tend to rely on being able to shop locally for their day-to-day needs.
153	LLOYDS CHEMIEST IS A LIFE LINE TO MANY VILLAGERS.
154	Post Office (Slough Road) Coop LOCAL STORES
155	Costcutters in Richings Park and a hairdresser or two.
156	ALL THE SHPS WE HAVE PROVIDE WHAT WE NEED ALLREADY.
157	COSTCUTTER IN IVER
158	I believe that the local shops that offer a vital service to the community are the local supermarkets, the local post office, the local pharmacy

159	We here in Richings Park are lucky enough to have a excellent Chemist and General Store (Cost Cutters) with the all important Post Office attached, other stores have opened but unfortunately only room for one!!
165	Yes, the foods stores, chemist and those already here are vital to our community
173	Not really. The coop is handy, but not "vital".
178	The coop is ugly but provides vital service could be a more permanent building in keeping with the area.
180	Small supermarket.
186	Co -op definitely an added bonus to Iver High Street (when you can park) .
189	The Chemists shops in all areas The Post Offices The DryCleaners/Repair shops The Co-Op stores
191	Costcutter in Richings Park, Co-op in Iver Village and Iver Heath. These 3 shops all provide a strong community function and being national chains / franchises they are largely trusted on quality and pricing.
194	Post Office on Langley Park Road
200	Butchers, Bakers small local community sops, not the Larger Superstores.
202	None that are vital.
204	The Co-Ops, post offices.
206	Co-op on the corner of Iver Village is one of the few I use for 'shopping'. The take away food establishments are also important to me: Iver Inn Chinese, Sheeshmahal Indian, The Swan (though not really a shop) and the Iver Village fish and chip shops.
210	The new Coop (the old one has terrible parking) and the post office. I'm not honestly sure why we need so many Fish & Chip shops.
214	The Co-Op, Pharmacy and hairdressers in Iver Heath.
218	Lounge 15 was a breath of fresh air but now sadly gone and the new ownership opened and closed very swiftly. It's good to have the CO-OP in Iver, although the new management of Co-op in Iver Heath seems to focus on alcohol provision more than anything else and it is now less useful for general provisions.
219	Co-ops are ideally situated and convenient in Iver and Iver Heath. The pharmacies are vital. Local hairdressers are also good.
223	Pharmacies, co-op
225	The shop in Iver Village and around Richings Park.
229	Post offices.

231	This is why we miss the bakers. I suppose , it served the community . The chemist shop offers a good service and I imagine people think that the co op also offers a good service.
235	co-Op Iver Heath, local shop on Slough Road, next to old post office, although doesn't make sense also having Martins/Old post office as well.
238	Wingroves Farm Shop, post office, garden centre and café, newsagents, take aways, Co-operative. These enable local residents to shop locally, especially those without transport and older or less able residents
241	Co-op Jeeves Chemist
242	The Pharmacies, the Post Offices and the local grocery stores.
247	Post offices, local butchers and greengrocers, pharmacies.

251	On Bathurst Walk, the Chemist, Dry Cleaners and Costcutters/Post Office are a lifeblood for many elderly residents.
252	Costcutters in Richings Park Chemists in Richings Park
254	The row of shops at Thornbridge Road, Iver Heath, Post office within shop on Slough Road.
256	The ones we have are adequate, but largely inaccessible due to lack of parking
257	The coop is excellent and the post office for residents without cars. We could do with a coffee shop or nice restaurant, maybe a specialised food shop.
259	The Co -op at Thornbridge Rd seems to offer almost everything you would need to survive - if only you could park outside to purchase it. Perhaps Pinewood should think about opening some kind of shop - within the Studios they have plenty of room in there - to enable the many thousand of workers who drive down to the Co op to buy there lunch and then race back to the studios to eat it totally ignoring the futile messages that the Council have placed on the roadside informing drivers that Thornbridge and Ashford roads are not best for accessing the studios
260	Local grocers
265	Co-op
267	Co-op.

285	Chemists
287	Tesco Express on the A 412
288	convenience stores like Co-op, health and beauty, chemists
289	Post Office and the Co-Ops
291	Costcutter, they are very good, its a shame that we are unable to access the village due to the parking of commuters.
292	I visit the Co-op most frequently, though not for all food supplies. The bakery was a loss. Dry-cleaning, hair-cutting are useful.
298	The Costcutter store in Richings Park.
300	Co-op, post office
301	The ones in the High Street are all vital to our community. Some people aren't mobile enough so food shops are important. Car shop is important as people who need their car fixed don't have to travel too far. But for these shops to survive we need more and better parking

318	Post Office in Iver Heath, Chemists in Iver and Iver Heath,
319	The Lloyds pharmacy on the High Street
320	The Local Farm has had to close and the butchers and grocers have moved to the garden centre in not very satisfactory accommodation apart from the abundance of parking. Iver Village and Heath both have problems with visitors and parking. I would visit the shops in the areas more frequently if I could park without breaking the law. Langley provides a reasonable bakery but there is also one in Iver Village if you can find parking.
324	The Swan, Coop, dry cleaners - all on the high street.
326	Shop on Iver High Street and around Richings Park.
328	Post office.
330	Yes, saleys chemist
333	The Co-operative store opposite the Stag & Hounds, Also the Stag & Hounds & the Chemist. In Thornbridge Road/Church Road.

344	All shops offer services to the community as not everybody has access to transport.
347	Yes the co op has made such a difference in terms of local people also having a local pharmacy is ideal.
351	The Co op & Chemist in Iver Heath but the parking problem must be addressed.
355	Chemists, Post office (which are few and far between), corner shops
356	All the shops in the Ivers are important to the well being and health of the villages, but will struggle to survive without proper car parking
357	Co-op in Iver Heath.
361	sadly most have gone - probably as under used as trying to park to use them is not worth the hassle, you might as well drive to Langley - you need resolve this - you ahve had years and to be honest by the attitude of some I suspect it has impeded a sensible approach to resolve this issue for years

398	Iver Heath - both areas of retail
400	The shops in Richings Park.
402	Co-op, chemists, take-aways, Lotus wellbeing (RP), dry cleaner (RP)
405	PHARMACY, LOCAL CO-OP FOR PEOPLE WHO DO NOT DRIVE.
407	Some of the shops in Richings Park, which are my first port of call. Some of the shops in Iver Village could be more useful to me, but the traffic situation within the Village means that I normally prefer to drive to Uxbridge (where I also get a better range of shops) rather than tackle Iver High Street.
