

15		Final Result				
Response ID	Which existing community facilities are most important to you and why?	Blanks	Yes	No	Other	
		55	0	1	356	412
		13.35%	0.00%	0.24%	86.41%	100.00%
1	Everham Centre not to be turned back into school. Fine as is					
2	The Park/RecThe new Hall (football Club) should be open for coffee/tea.					
5	Health centre - convenient location.					
6	Medical centre, village hall, doctors.					
7	The Doctors surgeries in Iver Heath and in Iver. The schools and the Iver Heath Library.					
8	Doctors Iver & Iver Heath, dentist, infant schools, Junior schools.					
11	The surgeries are vital - not just to me, obviously.					
12	Iver Medical Centre, locality very convenient and a warm, ? and welcoming GPs practice.					
13	Doctors surgeries. I use other facilities outside of Iver.					
14	Health centre, library, schools and local shops are important to everyone.					
15	Health Centres, Schools, Dentists, Chemist.					
16	Health centres. Schools bring back Evreham Secondary.					
17	Would like to see more appropriate facilities. R. Park a waste.					
18	The park for grandchildren, the library which needs to be bigger with more going on in it - see any Hillingdon Borough library					
19	Sports and Leisure					
20	Park, Church Hall, Church for quite obvious reasons.					
21	Health centre is important but often difficult to access					
22	Oh for a library in Iver Village!					
23	Health centre, dentist. I do not find travelling about easy.					
24	Doctors surgery. Vital to have a local doctors.					
25	We possibly need more doctor surgeries. Existing ones are overloaded.					
26	School (Infant) - Child attends. School Junior - Child will attend. Library, pharmacy, doctors, dentists, recreational ground, childrens centre - all key to a thriving community.					
27	The library					
28	Health centre, walking distance.					
29	All are important. Without these there would be no infrastructure.					
30	All are important, but more development will create unnecessary pressures.					
31	School, bus service (more frequent), activity centres for the young kids up to age 17					
32	Doctors surgery, schools. However don't feel these are big enough to accommodate the families.					
33	Evreham adult learning					

34	Doctors surgery - easy to get to if you're unwell. Can't drive.
35	Medical Centre
36	Health Centres. As we get older we cant drive anymore, So Health Centres need to be close. Food shops. Post Office
37	Not that I know of
38	Schools, Health centres, Parks, Shops, Pubs
40	doctor's surgeries
41	Health centres
42	The main ones that you have listed: Schools, Health Centres, Libraries.
43	The library, the buses for transport.
44	Iver Heath Bowls Club, play park, recreation grounds
45	Health centres (Iver); Dentists (Iver); Community centres (Iver); Chemist (Iver) within walking distance.
46	Ayesgarth Medical Centre for seeing Doctors/Nurses.
47	Health centres, Library would be good!! Dentists, Police station!!!
49	Evreham Sports Centre, Evreham Adult learning centre. There isn't much else in the area.
50	Gym Schools Convenience Stores Play areas
51	Recreation ground
52	Health Centres Library was excellent till funds stopped and it closed.
54	Health Centres and Schools
55	Doctors, transport, chemist - for medical appointments and collection of prescriptions.
56	Iver Village Hall - there is no other facility large enough for local groups eg WI, Richings Players, etc and general public meetings.
58	Libraries. Disappointed that Iver Heath library was closed.
59	Libraries, Health Centres, Gym.
60	The village halls are an important focal point for the area - even if most people don't use them.
61	The recreation grounds for sport. IH fields for all to enjoy I use for Dog Walking
62	Local shops, post office, medical centres. They provide local convenience needed in the Ivers.
64	Health Centres - The Elderly require it most
65	Health centres, libraries, schools, Police station, shops, local hospital, sheltered housing, BANK, post offices
66	The Health Centres, shops, schools, library in Iver Heath needs better support.

67	Health centres and open spaces
68	Village halls - meetings; Sports centre.
69	They are all important. They are stretched to cope with the expanding population without thinking of future ideas.
70	Library should have remained in Iver. Doctor surgery/chemist, pubs/café - garden centre.
71	Library, Health centre, Village Hall, Evreham Sports Centre.
72	Health centres, libraries and village hall. As an OAP these can be a life line.
73	Library - community, GP surgery - both in Iver Heath.
75	Scouts, schools, village hall, library. All part of lovely community
77	Iver Heath Fields, Evreham Centre.
78	Library, Park, Schools, Doctors although often have to go to Iver and I live in Iver Heath.
80	The Parish Hall libraries Schools and Health Centres
82	Infant and Junior school
83	Schools, Iver Heath Junior, Iver Heath Infants. Walking distance
84	Health centre, Evreham Centre and Adult Education centre, village halls. Used by all the community for communal benefits.
85	Iver Health Centre
86	see Q12. Find place for library/citizens advice bureau
87	The Doctors surgery on Church Road, Iver Heath.
88	Schools, police station, GP surgeries, dentists, library as use all of these facilities when need be.
90	Health Centres, libraries, Village Hall, Sports Centres and Recreation Ground.
91	Sports grounds
93	Parks like Langley and Black. Recreation ground. Iver Village Hall. Library. Church. Tip is great. Post Office fab.
94	The Health centre in the centre of the village is essential especially if you do not drive. Lloyds chemist which provides a delivery service. The bus service which has improved but could offer an evening service.
95	Evreham Sports - use it often
97	Health Centre
98	Health Centre
99	All of them. Travelling to such places should be as short as possible
100	SCHOOLS - NEED TO KEEP LOCAL SCHOOLS,
102	Iver Heath Tennis Club & Recreation ground For sport & health.
103	Having no children - I only use the Health Centres. No complaints - always manage an appointment

104	HEALTH CENTRES
105	Medical centres, schools libraries, Post Offices, Chemists. Enable those unable to drive to get their help.
106	Doctors Schools.
107	Evreham. Sports & Education
108	Iver Health Centre, Mobile Library, Iver Heath Community Library.
112	Playgrounds & open spaces.
113	Health Centre - Schools
114	RICHINGS PARK CENTRE IVER GPS LIMED SCHOOL FACILITIES
115	Surely this is all beyond the Parish Council's remit, Yes - we would like more and better facilities but who pays?
116	Iver train station
117	Evreham Village Hall Health Centres
118	HEALTH CENTRES LIBRARIES. I FEEL THESE ARE ESSENTIAL FACILITIES FOOR THE WELL BEING OF THE RESIDENTS.
119	Health Centres - everyone needs access to these services.
120	Health centres are good here.
121	Iver Heath Library, Aysgarth Midical Centre
122	HEALTH SERVICES + SPORTS FACILITIES
123	A doctors surgery in Richings Park.
124	OPEN SPACES AND ALLOTMENT (PARTICULARLY IVER HEATH ALLOTMENT)
126	IVER HEATH CENTRE IS MOST IMPORTANT
127	Health Centres
128	IVER HEATH Junior and Library also the IVER EATH Inf and nursery. My daughter is now in Year 4.
129	Evreham Leisure Centre, I/Heath Tennis Club.
130	The schools, Dentist, Surgeries Richings Sports Park, Churches, Police Station.
131	EVREHAM AND ALL PLAYING FIELDS
132	Iver surgery - essential asset for the community
134	THE VILLAGE HALL AND LIBRARY. REGULAR MEETINGS AND CARERS GROUP. BOOKS AND INFORMATION.
135	HEALTH CENTRE'S IVER HEATH & IVER LIBRARIES
136	SCHOOLS, LIBRARIES, DOCTORS SPORTS FACILITIES COMMUNITY CENTRE ALL ABOVE GIVE COMMUNITIES A CHANCE TO BE A COMMUNITY
137	Libraris, Schools, Parks. Fields, open spaces. I have a young family who use all the above regularly.
139	Aysgarth Medical - Excellent Doctors Iver Heath Library for books & information

141	Library - Have young Children. Iver Childrens Centre extreamly useful too. For weighing/advice etc
142	Health Centres - Iver Village Hall. Dental Surgury - Iver High Street, Pharmacy - Iver High Street
143	HEALTH CENTRE - UNFORTUNATELY WE ALL NEED DOCTORS ! SCHOOLS - SHAME NO LONGER SECONDARY PROVISION.
144	Richings Park Sports Club.
145	health Centres, Pharmacies Sports clubs, café;s all well used & acceptable without public transport. Important too -allotmnts
146	HEALTH CENTRE, LIBEARIES, CHEMIST ARE ESSENTIAL FOR THE COMMUNITY INCLUDING P.O.s
147	Village Halls, Scout Group buildings, Iver Heath library, Recreation Grounds and facilities, Churches, Evreham Sports Centre.
148	Library as a source of information as well as books. Also provides a focus for other small groups. Health centre, in case of need. Recreation grounds for informal exercise and point of contact. Village halls for entertainment.
149	HEALTH CENTRE AND LIBRARY SCHOOLS, SPORTS CENTRE ADULT EDUCATION, RECREATIONAL FIELDS, ALL FACILITIES FOR YOUNG PEOPLE.
150	HEALTH CENTRE
151	Health centre and libraries.
152	The Ivers have a large number of meeting rooms available for hire; I would not wish to see a reduction in number since these are useful for the social fabric of the community. GPs and dentists are important but I would not describe them as 'community facilities'.
153	VILLAGE HALL & LOCAL SHOPS. THE HALL IS A FANTASTIC VENUE FOR PARTIES ETC. UNFORTUNATLY THE R. C CHURCH WAS CLOSED A LONG TIME AGO BY NORTHAMPTON DIOCESE
154	Scout Huts Library, Schools. Tennis / Sports Clubs.
155	Sports Club in Richings Park as a social and leisure venue supporting local not-for-profit organisations. Evreham Centre for adult education and learning.
156	IVER HEATH LIBRARY, IVIS & IVJS SCHOOLS
159	Chemist, Doctors, Post Office
161	Open space, green areas, green privately owned land e'g' for stables and paddocks, particularly the area surrounding Colborne Close/Swallow Street.
165	Health centre, schools, village hall and a return of our library in Iver Village

173	There are no health centres in iver village that are accessible. A library would be a complete waste of money in the day and age of the internet and computers. Quality schools are very important obviously. A secondary school would be valuable - IF traffic volumes could be managed through the Iver Conservation Area.
178	To be honest We as a family don't use any facilities in Iver there is no swimming pool my son goes to a gym in Uxbridge and we shop online. The rec is used occasionally but is covered in dog poo so that puts us off. We go to Uxbridge for Drama classes and use the pool in Hillingdon or Langley. The local coop is handy but only occasionally if we run out of milk. There are not many facilities ion Iver! The play grounds in other areas are much better kept we tend to go into windsor and use the play ground there. The village hall is noisy and as we live right opposite is a bit of a nuisance. There is no library but we would not use on anyway as all books can be read online we see the van but have never bothered to use it as no need! The village could be so much better if it was less noisy and polluted.
180	doctors, schools
186	health centres - sadly a regular Schools - more children now. Would it not be cheaper to have a secondary school here (like there used to be) with facilities for the youth after school / holidays rather than bus them out of the villages Both my children have had their time at Chalfont but without a car it is impossible to do the school runs outside of the coach timetable
189	The Evreham Centre - for further education classes etc The Everham Sports Centre - for all sports and all ages The St Peters Centre and Kings Church - coffee mornings and 'hubs' for our older residents The local football teams The local parks - swings and roundabout ones included
191	Health centres are overstretched and the one in High St Iver doesn't seem to work very well compared to the Aysgarth in Iver Heath for example. There will need to be significant growth of facilities if the proposed housing developments are to take place.
194	Local shops and businesses (cuts down on carbon footprints), recreational spaces (dog walking), green belt spaces (dog walking).
196	Recreation ground
200	Schools as we need to educate our young. Libraries to allow the community to access computers and books to keep them agile in mind and to have place to meet on a regular basis, coffee mornings etc.

202	Library's. reading and accesses to books and other services (internet etc) is important for all.
204	Health centres, provision for youth clubs, recreation grounds.
206	The doctor's surgery on Iver High Street is important to me as I am on monthly repeat prescriptions.
210	The Iver Health Centre, and the Infant & Primary schools, for obvious reasons I think.
212	Health centres - Waiting 7-10 days for a doctors appointment isn't the best of services.
214	Iver Heath Library, they provide an essential resource for the community. The Infant and Junior schools are part of forming a community.
218	Iver and Iver Heath Schols, Health Centres in Iver Heath and Iver (although lead times to appointments can be long as they have to cater for so many people). We need to keep these facilities as local people should be able to access these facilities close to where they live. Local shops and chemists and post offices also important. Some facilities such as libraries (one at Iver Heath to cover the whole area is sufficient) are becoming less used as modern technology allows individuals to access a greater range of materials than available at a public library. Very few people only have access to IT via the library (i.e. those who are IT literate have use via personal computers, I-phones etc.) Schools are reducing library facilities in favour of IT so library expansion in the area is not required, in fact there may be an argument to phase this service out in the coming years and perhaps provide computers for public use instead.
219	Health centres, pharmacies, village halls, sports clubs, cafes, restaurants are all well used and accessible without public transport. Also important are areas like Allotments which are as equally important as sports clubs for healthy activity.
222	THE COMMUNITY LIBRARY, THE EVERHAM CENTER
223	Health centres, schools, library; they serve to improve the health, education and well being of the community
225	Richings Park Sport Club, it is the only community facility in Richings Park.
228	Health centres and pharmacies. (A selfish request from a Grandfather)
229	The allotments are important to me as they provide me with exercise, fresh food and fruit.

231	The Iver Practice is a good community facility and I imagine the schools are, but there is no secondary school which I find very odd considering that there was a senior school in the village. I think that the village hall could provide more evening classes for us that work, most things are during the day or for the pensioners at night time, i.e. Short mat bowls and WI. Why can there not be more things during the evening, like a rock choir or drama or classes for flower arranging or crafts or fashion shows that we used to have. Monthly quiz nights would be good or race nights. There is no social aspects in Iver anymore, only one off things about once a year. I do attend St Peters toddler group on a Thursday and I find this very nice and have made friends as I work part of the week and I know nobody but I do think that there could be a bigger playgroup or somewhere to take toddlers, the bakery used to have a story time in there.
235	Local shop, local restaurants, local post office.
238	Schools, health centre, sports centre, community centre, dentist - all essential elements of a village to serve the local community
241	Iver & Iver Heath Health centres
242	The Health Centres in each village. Iver Heath Library and to a lesser extent, the Evreham Centre The Health Centres, Iver Heath Library and to a lesser extent, the Evreham Centre.
244	Medical Centre, Village Hall, Library
247	Doctors surgery
251	The doctors and both schools in Iver Village are vital to the wellbeing of our community. It is a great shame that the static library was removed from Richings Park and Iver Village. This removal again necessitates more use of local car journeys.
252	Iver Health Centre St Peter's Centre, for exercise classes
254	Iver Heath Library - community hub for activities as well as great library facilities. Iver Heath Recreation ground and Pavilion - active bowling club, tennis club and football team as well as for children play areas. Iver Heath Fields - accessible for walkers and for picnics as an informal space. Aysgarth Medical Centre - access to range of healthcare services
256	Iver heath fields
257	Meeting Halls for societies and functions.

259	Health centre - as I am still a driver I can attend either Iver or Iver Heath, it would be difficult to reach there were I not able to drive. I have grandchildren at IHJS so I am a frequent 'collector' of a schoolchild from there. I am appalled at the inability of some mum's to allow their child to walk the 4 paces into the classroom, and they seem not to mind how much danger they impose on anyone else, They have to drive to the classroom door virtually. I Bowl, so the improved signs have meant that it is safer to enter the Recreation Ground in Iver Heath
265	Parks and recreation grounds for children to have somewhere to go and for walking etc.
266	Doctors, schools and libraries should be a priority
267	Over Childrens Centre, we have a young baby.
269	Library, sports centre, golf course - for recreational needs Station - for commuting and travel Health centre - for personal needs
270	Asgarth Medical centre / Jeeves Pharmacy , Iver Heath Junior School, Iver Heath Library, Iver Heath Post Office.
274	The local shops, the public open space and local pub
275	Health Centre
276	Iver Village Hall and Iver Heath Village Hall are both important places to allow local groups to get together like minded souls for recreation The Iver Medical practice is well located in Iver Heath and Iver for easy access for residents to NHS care.
278	Libraries, health centres, schools, leisure centre
280	Local parks are very important to us as non-drivers. These should be better maintained, for example the Iver Rec is very boring, has disused buildings on and do not have any toilet facilities.
281	I am retired but like to keep active. I use the St. Peter's centre for keep fit and pilates which are well subscribed.
287	Iver Medical Centre and the Trewarden surgery - the latter because of better parking
288	Black Park as great to take kids there and help them unwind and refocus. The rec ground is also a great community hub - These must be protected as it will damage community spirit immeasurably
289	Evreham Adult learning and Sports Centre. We don't have much in the surrounding areas except these and they are well used.
291	Probably the health centres as we have elderly parents and rely on them quite a bit.
292	Health centre is useful, if not frequented by us

293	I do not use any community facilities.
300	Doctors, schools post office, co-op, these support immediate needs
301	Sport centre, education centre, libraries, schools and health centres
304	Doctors in the village, the chemist in Richings Park.
306	The Health Centre is very important although as the seem to have to many patients it is always difficult to get an appointment without waiting about a week. We have enough Schools in the area as long as you limit the amount of extra housing, extensions etc. Our library was very important, it was a place where children could meet for story times etc. Also as an avid reader it was important to me.
307	the Evreham centre and sports centre both of which are used by myself and most of my friends and it is an asset to the community
308	Schools, Health Centres, libraries Health is paramount - without this we have nothing , therefore these provide an essential service to the community schools and libraries - I am a parent therefore this is self-explanatory
311	schools , village halls , library doctors
316	The schools in iver and iver Heath, the children's centre, the village halls in Iver and iver Heath, the community library in iver Heath and hopefully one in iver. There needs to be a place for a library in iver itself. The medical centre in iver and satellite in iver Heath. The pubs. The sports club in Richings park. The recreation ground, the evrham centre.
317	Easier to get Doctor appointments, maybe new surgeries Cycling areas that connect The Ivers Playground in Richings Park
318	Iver medical centre, Iver Heath Library
319	Doctors surgery, do not use any other facilities.
320	The Langley leisure centre will be good once it is renovated, Langley Park and Black park are also vital amenities and closer to home the canal footpath and Ivers Recreational Ground. The Iver Town hall is very good as are the doctors though it would be nice to have more permanent staff there.
324	The recreational ground off the high street is important as it is a safe area for all to use, away from the HGV traffic.
326	We need a leisure facility like Langley leisure center.
328	Schools for children's education without having to travel mileage Doctors Chemist Library Post office
330	Iver village hall

331	IVER HEATH FIELDS, IVER HEATH RECREATION GROUND enable residents to watch sport, wildlife and enjoy a good walk.
333	Iver Heath Recreation Ground Tennis Courts & Bowls Clubs
334	Health centre, Village Hall, Jubilee hall, as they benefit all villagers.
337	The medical centre for health And the co op for small shop
338	All facilities are important as they play an important role for the community
340	Medical centre
344	Fields, recreation areas, doctors surgeries and schools.
347	Health centre and as previously mentioned a pharmacy that works in partnership with it
351	Iver Heath Village Hall & Library are well used as well as the local schools. The Recreation Grounds in Iver & Iver Heath should be maintained. Iver Heath Fields are the last remaining heathland in Iver Heath and should be conserved.
353	Schools
355	Iver library, community centres
356	Village hall, good community facility for all kinds of functions.Everham sports facility could be better run and used but provides a good sports hall.
357	Aysgarth medical centre and the co-op in Iver heath
358	Doctor's surgery and local schools because these concern the basic human rights of residence.
361	school comm unity when our children were school age (U.11), medical facilities, local Country aprks, but probably not much else - apart from privately run clubs, judo, karatee, tennis etc
364	So as not to be dependant on the public transport in this area
365	Village Hall - regular bookings
366	The Doctors' Surgery
367	The health centres are clearly of importance, as are dental services. I always liked the idea of a library and am delighted that the library in Iver Heath is still there but I do not use it myself as so much of the type of thing I might use a library for is online. I do, however, think a library is invaluable for those who do not work or have young children. I think the library could be used to a greater extent to offer a social centre for those living nearby and who may be lonely or would like somewhere to go to meet other residents
368	Iver and Iver Heath Health Centre's.
369	Scout huts, play areas

370	Health centres, library, gym, village halls, recycling centre, schools, churches, railway station, police station.
372	Doctors and dentist are the most important facilities in the area, do not let the Iver Heath one shut. Also the bus service is a great benefit to the Ivers as means all are able to get about and have transport
373	Village hall Iver Heath when occasionally open.
374	Local Parks as they prone health through walking and de-stressing.
375	everham centre for the gym and sports facilities.libraries
378	Don't use any
390	Schools and healthcentres
392	local centres are good for activities to take children too. Schools are good but parking is a big issue around the school.
393	MY WIFE AND I HAVE NO CHILDREN, SO I DO NOT HAVE ANY INTEREST IN NURSERY PLACES, SCHOOLS, CLUBS OR ANYTHING ELSE LIKE THAT. SORRY.
396	Iver Village Medical Centre to provide medical support for my family and I
398	Recreation Parks (Iver Heath and Iver) providing sports grounds Village Halls - meeting / activity places Iver Heath fields - natural environment Iver Heath library - local history collection
400	Iver Village/Iver Heath medical centres - they provide a convenient & vital service. Mobile Library service - this enables access without the use of a car.
402	We have no permanent library in Iver or Richings Park! The health centre is very important as are the schools.
405	PHARMACY, DOCTORS SURGERY, HOSPITAL
407	The medical centres in Iver Village and Iver Heath - this is the practice which I rely on. I am registered with a dentist in Langley. I rarely use other community facilities (e.g. Richings Park Sports & Social Club, Iver Village Hall): I don't know whether that's my fault or theirs, but I believe they are important to have in the community - though what I perceive as a lack of "glue" holding the community together is, I feel, a problem.
409	Village hall, swan pub
415	Evererham Sports Centre, Our only local sports facility we use this 3 times a week and would use it more. Landfill site is also brilliant. The footpath network.
416	GP, Dentist, Local shop, Post Office, Chemist. These meet the needs of all residents regardless of age.
417	Swimming pool in the area.
422	Health centre. area needs local facility.

431	Iver Heath Fields - see previous answers Iver Heath Village Hall: it's a decent enough size to hold meetings and events, and well geared up for it. Iver Heath Library, which probably needs more support as it is undervalued.
434	Train station
435	Having sports facilities and a village hall are important. We have these but they are not well maintained.
438	The open green areas as they are firstly beautiful when maintained, and my children love them
440	health centre - very necessary as we all become ill-, train station in Richings park- the public transport is rubbish in Richings Park except for the train. However, train does not stop on Sunday., Schools needed for local kids., gym and health centre - good for health and wellbeing, Richings Park Sports club -. good open space for sport and members bar.- .
443	Library Sports social centre
446	Q15 Village hall for meetings and library
448	The chemist as it is convenient. The hairdressers for the same reason. The tennis club when my children were younger. The Sports and social club is good for the local community but the gym could be better.
451	Train station
453	Iver Medical Centre
455	Richings Park Sports and Social club for exercise & games.
458	walk in centre definately required secondary school library nothing close to the area esp walking distance or bus ride away
459	Schools - important to have local schools for children
460	The schools, preschool, mobile library and doctor's surgery. I use all of them on a regular basis.
463	A children's playground which is not available in Richings Park.
464	Doctors surgery, dentist and schools
465	Richings Sports Park to keep fit. It's also the only part of Richings Park where my daughter can go to ride her bike. This is a shame as the paths are in disrepair in richings Park and need to be redone. Especially on Somerset Way, where there aren't any curbs and the street becomes appalling in the winter.
466	Health Centre - for our families health Library - where now? Schools - for our children's education Police station - every town and village should have one Churches - again, every village should have one

467	Sports club
468	Doctor, post office, Richings Park Sports club, recreation grounds and open spaces.
469	Schools and Doctors – the reasons speak for themselves
471	Parks
472	Iver Village Hall as a local meeting place and community centre.
477	I don't really use any of them apart from pubs if that is included.
479	Parks or lack of
480	None in Richings Park
482	My children attend local schools
483	Health Centre, Library, Sports Facilities Adult Ed facilities, Library Secondary School
485	The children's centre in Iver as we have a young family
486	Libraries and schools because I have two young children.
488	Library, Schools, Village Halls, Scout Huts, Recreation Grounds, GP Surgeries
490	Facilities for children. We have grandchildren and there is no playground in Richings Park currently.
491	schools, health centre (GP), libraries, recreation are all important, as we're a young family.
498	The Green Belt is a very important community facility for people who have moved into a semi rural area. At present you are unable to maintain the roads, drains and street lighting hence these needs significant investment.
500	All the above. So that you don't have to travel too far to use them
503	Health centre is vital to the community as is the library
504	Health Care
506	Iver & Iver Heath Medical Centres an essential provision
507	Health Centres Schools We have a growing population of young and older people in the area
508	Village Hall
510	
511	Iver Children's Centre Iver Heath Library Iver Heath Infant & Junior Schools All are important to locals!!!
512	Asygarth medical centre - excellent service Iver Heath Library - support for children and the elderly
513	All Health Centres, schools and libraries Evreham also
514	Church and Church Yard Doctors Surgery Feel they are necessities
515	Doctors Library Iver Heath
516	Libraries, health centres

517	I fear the Iver Practice long placed Trewarden Health Centre very much in the second division I think Iver Heath residents find it more convenient to go to the Dr's in Iver Heath
519	Schools, doctors surgery, library - all used with the children
520	Evreham Sports Centre
521	Recreation Ground
522	Schools. I have two children 11
523	Very disappointing, libraries are run by volunteers, limited hours etc. Health Centre tries it's best. Schools are vital.
524	Libraries, schools, Aysgarth Medical. Library provides a community hub, needs to be open more hours.
525	Doctor, Library
526	Library and school
527	Schools. Don't use health centres at present.
528	Health centres, village hall, Parish church and St Peters Centre
529	Open spaces for wellbeing
