

16

Response ID	Are there significant community facilities that do not exist in The Ivers and that we should try to provide for?	Final Result				412
		Blanks	Yes	No	Other	
		135	213	53	11	100.00%
1	NO	32.77%	51.70%	12.86%	2.67%	
2	The IVERS is a forgotten tail of big Bucks. If we were part of Slough we could have free or subsidise entry to Windsor Castle. If we were part of Hillingdon – Parking reduction – IVER gets nothing. We don't even get a reduction for Langley or Black Park (very expensive parking)					
4	library - senior school					
7	More things for the local youths.					
9	Secondary school					
11	The school at Iver Heath which should never have been closed.					
12	Gym - local to Iver High Street.					
13	Support for vulnerable adults, the elderly, and special needs.					
14	Increased housing already hence increase in demand. Local health centre does not meet demand.					
17	Yes, too many to list here!`					
18	There are no facilities for older people. No lunch or social clubs					
20	There isn't really.					
21	Library					
23	Opticians - maybe a branch from a larger centre.					
24	A leisure centre with a swimming pool.					
25	More doctor surgeries (but without any housing estate developments).					
26	Soft play, things for young children in and outdoors. Swimming Pool, larger better equipped sports centre, youth groups and clubs, trampolining, more sports clubs for all ages at accessible times for those back later in evening, gym.					
28	Youth Club. Turn the Evreham Centre into a sports centre with swimming.					
29	Unsure					
30	More sports facilities are required.					
31	Activity centre in Richings Park for both young and old					
34	School for older children so they don't have to be bused to school.					
35	Youth Clubs					
36	Banks					
37	swimming @ Evreham Centre if feasible					
38	Any extra ones would be welcome					
44	More shops					
50	Bus service in Richings Park.					
51	Swimming, gyms					

52	Library, additional health centres – Iver Medical Centre is over stretched & appointment impossible to get
55	Later public transport. Both are 'cut-off' after 8pm.
56	A library/computer-internet facility. Many older people do not have own internet but it is becoming increasingly essential to have access.
58	Swimming pool as part of a leisure centre.
65	A relief road to make life SAFE and bearable
68	A youth centre.
69	Another medical centre ie Ritchings Park.
70	Shame we have lost many events Carnival - parade, fun day, etc.
71	Swimming pool would be good.
78	Park needs more stuff for small children.
80	GYM
83	Cinema
84	Some form of Senior school facility?
85	Secondary school
86	Health centre is good! NHS facilities excellent
88	A Health Club with swimming pool, spa possibly within a hotel environment.
93	Car park on High Street. Speed camera on High Street. Path to station appalling. We need better access to the train station.
96	Senior School
98	Nhs Psychiatrist or other facilities like Healthy Minds. Public swimming pool or lake swimming area.
100	COMMUNITY CENTRE IN IVER HEATH
105	Banks, Secondary Schools.
107	Secondary School required asap.
109	Having a wife suffering Alzhemars I would welcome a day centre she could attend once a week.
111	DO NOT KNOW WHAT IS MISSING
112	Swimming pool.
113	Yes - youth clubs a secondary school
114	PARKING
116	Public toilets, including at Iver Station.
117	Cycle Paths
121	Yes - a sports centre
122	PARISH OFFICES NEVER OPEN, POLICING NON EXISTENT
124	I FEEL MOST STRONGLY ABOUT THE RETENTION OF GREEN SPACE FOR COMMUNITY USE.
126	MORE FACILITIES FOR YOUTHS. FACILITIES FOR CHILDREN AND TEENAGERS OUTSIDE OF SCHOOLS
130	Library, Working Police Station.
134	Happy with FACILITIES. CATERED FOR.
136	SECONDARY SCHOOLS.

137	I think we should all have a South Bucks Community discount card which allows us cheaper parking at Blac/Langley Parks & local buses which are too expensive and make driving into many towns like UXB, Slough - cheaper to drive too. I want to use buses & visit parks but they are too expensive.
139	Veterinary Practice Café in Iver Heath
141	A greater Selection of Secondary Schools.
142	An opticians Bank and/or Building Society Branch
143	SECONDARY SCHOOL
145	Iver Heath - NHS Dentist badly needed for a number of local residents. There is not even a private dentist there.
147	Libraries in Iver and Richings Park.
148	A secondary school. A better health centre with facilities for first line diagnostic procedures and treatment.
149	ESSENTIAL TO PROVIDE ADEQUATE PARKING AROUND HEALTH CENTRES AND SHOPPING AREAS. SECONDARY SCHOOLS & COLLAGE CHILDREN AND YOUNG PERSON FACILTIES
150	LIBRARY BUILDING
152	A16. Public transport (eg buses) in the Ivers is limited, and often priced beyond that which can be afforded by people on low incomes. The present bus system links east/west (Slough and Uxbridge) but there are no north/south routes.
153	SECONDARY EDUCATION & WE ARE LOSING OUR POLICE STATION.
155	Library for Iver Village / Richings Park. Better public transport access North and South through the parish.
156	ALL GOOD NOW
157	PARKS ETC
159	Demand specifies requirement
165	We need to preserve our village as a village and some sprawling industrial area
173	A secondary school would be valuable - IF traffic volumes could be managed through the Iver Conservation Area.
178	No Drama classes/Swimming/Woodlands/Youth club To walk to or secondary school in the area. Somewhere to walk without worrying about dog poo!
180	Leisure centre which includes a swimming pool.
186	I think , from talking to neighbours and customers that the elderly are accommodated It seems to be the youth / teenagers that need occupying

189	I think we are very lucky with the community facilities we have and think that our community associations do a wonderful job. What doesn't exist in The Ivers is adequately provided for in neighbouring areas for example: Cinemas, although we have a wonderful cinema at Pinewood.
194	Appropriate parking facilities
196	calisthenics equipment for teenagers and adults in Recreation ground
202	A library in Iver village rather than the bus which is unreliable and only holds small stock.
206	Nothing that I require.
210	We desperately need a Senior school and perhaps a 6th form college. Redevelop the Everham site.
212	Active and visible police support
214	A senior school, bussing children out of the area is expensive, time consuming, polluting and unnecessary. We urgently need a senior school. Bussing children is detrimental to their education.
218	There needs to be some provision for young people between ages of 11 - 18. Possibly youth clubs, not just for entertainment and keeping them occupied but to encourage learning of new skills and also help with finding Saturday jobs, CV writing etc.
219	YES PLEASE, NHS dentist badly needed for Iver Heath, all residents must travel out of the village. There is not even a private dentist. To reach a dentist, it is either a long winded bus ride, a taxi or be a car driver.
222	LOW COST HOUSING
223	Iver community library and community centre
225	Langley has a good sport facility, with the leisure centre we need something similar.
229	We have village halls the Evreham Centre what more do we need.
231	There is no library which I think would benefit the village.
235	More affordable and frequent bus service into Uxbridge
238	All community facilities that could be desired are already available
239	A children's play area would be beneficial for residents of Richings Park. The nearest play area is in Iver beyond reasonable walking distance from most residents of Richings Park. Iver Recreation Ground is about 1.8 miles from Richings Way.
251	A secondary school would be of great benefit negating the requirement for children to travel around 10 miles to attend such schools (at substantial cost to the County and their parents).

252	See answer to Q13 - replacing 'Cornerstone' community shop/hub
254	Community meeting space with wifi for small group meetings - craft clubs, book clubs, not for profit groups Ensure that all areas are served to similar levels - all 3 areas to have library for example.
256	something for young people to do
260	A good sports centre or upgrade to Evreham. This is sadly lacking any organisation
265	Better public transport links (more frequent buses at all times of day 7 days a week). More youth facilities. Better sports facilities eg. swimming pool.
267	More facilities for young babies, a better local library, a good gym.
268	A traditional pub in Iver Village.
270	Complimentary medical facilities such as chiropractors/ chiropodists/ physio therapy / space for various community groups to use. I also think that we should concentrate on protecting those that we have. esp. the medical and post office facilities.
275	Police station
276	Not that I can think of
278	I think The Ivers should have a swimming pool and youth clubs.
280	Public toilet. My wife suffers from a medical condition and therefore needs access to public toilets at times. There are none at all especially on the way to the station.
281	I miss my dance classes (tap). There isn't one in the village.
285	We need a Secondary School
287	a secondary school to replace Evreham
291	I like the idea of the community hub in the village. I would like to see recreational equipment for the elderly . I recently returned from China and it is normal to have one or two pieces dotted around the area. A big problem although it is too late for me is the lack of secondary school! This should be a priority! Only now is it apparent that youngsters that get driven everywhere are having foot problems as they have not strengthened their foot muscles (a big part of walking to school). Their feet support their whole body and this is going to be a huge problem in the future. Get rid of the HGV's and encourage the children to walk to the junior and infant schools! At the moment it is too dangerous and too polluted.
300	Somewhere safe but cool for teenagers. More sports
301	More entertainment is needed....village halls are under utilised
306	As above, a library .

307	More services for adult learning and facilities for the elderly
316	Something for young people? Study centre for homework. Older people - clubs for teaching IT, getting together.
317	Cycling Scheme Playground in Richings Park - This connects the young and elderly who look after their grandchildren. Building a better community.
318	Yes, secondary school!
319	No point, the county council will not support anything that doesn't make it money.
320	Other than the swimming pool at Langley being reopened I think we are reasonably well provisioned.
324	I don't use the Evereham Centre but I support its use for the community.
326	We need a leisure facility like Langley leisure center.
330	Library
331	HAVING OUR OWN VILLAGE GREEN in an area where everyone can meet and enjoy outdoor events, picnics etc.
337	A Secondary school
344	Possibly a building providing access to computers, a library maybe even a room where there could be films shown and talks and presentations.
353	Elderly care homes
355	We lack quality sports facilities
356	More for the youth to use.
358	Indoor soft play for young children, police station and another doctor's surgery. Also, Iver Village is in need of a library.
361	if the appropriate area was released for development, new east/west road route put in between Iver and Richings Park, there maybe a need and value for a local secondary school
364	Library service in Richings Park
366	Secondary School
367	I think we need to look at this carefully because we are 2 miles from the London Borough of Hillingdon and 3-4 miles from Slough and we therefore generally need to go north for Bucks based facilities. I think a secondary school in The Ivers needs consideration but appreciate the costs and am not sure of the numbers of children involved. It always seemed crazy that County pay for the Iver secondary school age children to be transported 8 miles or so for secondary schooling, costing a fortune and limiting the children's ability to socialise with some other school friends without parental transport.
369	Secondary school
370	Secondary school. Additional facilities for young persons' leisure activities.

372	Secondary school!!
373	Coffee shop in Iver Heath badly required Everham as a school too
374	More parking to sustain local businesses. If the number of dwellings increases we will also need a new secondary school. It won't be sustainable to bus our children to the chalfonts when the Khasa school has such poor Ofstead ratings.
375	we could do with a school in iver
390	Secondary school
392	I think a private primary and a grammar school would benefit Iver but in the bigger green spaces with parking,
393	THE IVERS ARE COMMUNITIES IN A RURAL SETTING, ON THE EDGES OF QUITE MAJOR URBAN AREAS. IT IS AN EASY CYCLE OR BUS RIDE TO MANY MAJOR ENTERTAINMENT OPPORTUNITIES, AND PRIOR TO HAVING CHILDREN, RESPONSIBLE ADULTS SHOULD PLAN THEIR OFFSPRINGS CARE IN ADVANCE.
396	A secondary school. Chalfont College is simply too far away!
400	There is no high school. Public footpaths from Richings Park to Iver village and Langley are extremely poor - unlit, dirty and prone to blockage from overgrown bushes and flooding during rainfall. These require updating.
402	A secondary school A sports centre with swimming pool and a full schedule of activities for all ages. Take some inspiration from uxbridge sports centre A residents priviledge parking scheme as per RBWM and Hillingdon
407	My perception is that what is lacking is less facilities than facilitators. (As in Q15, this may reflect more on me than on reality. See also Q17.)
409	Place for kids to play, use etc
415	We are in a finger of South Bucks. The areas around us have passports to Lesiure reducing there parking and sports costs. We therefore MUST have our own facilities a Sports centre or shop in High Wycombe etc doest help Iver
416	ESOL (English for speakers of other languages) provision.
431	Some decent coffee shops. Places, other than pubs, that you can meet and enjoy a nice convivial and relaxing environment with friends.
438	In Richings Park there is no playground for children
446	Q16 Swimming Pool but there was one in Langley, that's ok.

448	A coffee shop where people could meet and chat in the Richings Park area.
451	Reinstate the original cinema
453	Library, recreational parks, good bus services, swimming pool, sports areas (e.g. football fields or tennis courts etc).
455	Although the RP sports and social club suffices for now, I think we need a larger leisure centre with swimming pool etc.
457	Bus
458	full time police station... secondary school
459	Secondary School. Children have 30min bus ride to get to the Community College
460	A secondary school
465	A children's playground in Richings Park is desperately needed. I feel that the commercial sector can help to restore a sense of community by giving people places to go. Places to walk dogs and better pathways are essential too, especially round Richings Park
467	Better gym
468	Libraries in Iver and Richings Park Secondary school needed in the Parish
469	A secondary school suitable for the future – the buses to the Chalfont's are a crazy option, the expense to the community and also the environment just don't add up... the quality of life for the kids using them is also an issue!
472	An Upper School. A frequent bus service to Slough, Iver Station & Uxbridge.
477	Maybe more youth services.
478	A library would be brilliant. There used to be one in Richings Park, which closed many years ago. But there are many residents with small children in the area that would benefit. we have the mobile library but it isn't quite the same.
480	Library and doctors surgery in Richings Park
482	A public park/play area for children in Richings Park The swimming pool?
483	Library Secondary School or an all age comprehensive Academy (5-18) Additional Medical Centre Youth Club
485	Playground facilities in Richings park Given the number of young families
486	Secondary education

488	Iver Heath needs its own Community Hub for; meeting rooms; book clubs; youth clubs; yoga; karate; physiotherapy; computer facilities; Police base; office facilities for voluntary and community groups. For example Better use if the pavilion at Iver Heath Recreation Ground on a 7 day per week basis. Funding requirements may require some of these services to be paid for but likewise income could be derived from renting out on sessional basis meeting rooms to local small businesses
489	A playground in Richings Park
490	Playground as stated above
491	children's playground/recreation facilities in Richings Park would be fantastic for residents/young/other families to network, and enhance the community spirit.
498	Safe roads and roads that don't flood every time it rains due to poor maintenance of public drainage. Also street lighting needs to work. The use of cheap low voltage bulbs means that very little light is provided and makes the streets less inviting/safe at night.
500	a secondary school
504	Retail shops, bus service to RP
506	Day Centres for the elderly
507	Things for teenagers to do ie free clubs
509	Richings Park Library and new medical centre Richings Park
511	Better public transport - more frequent/cheaper prices in the bus to Slough/Uxbridge.
512	Coffee shop in Iver Heath
514	Another Doctors surgery existing one to many patients
515	Library Iver Village
518	Car park in the village very hard to park
519	A secondary School
520	A library was lost from the village and Iver Heath Library is not on public transport route
521	Library
522	Development of Richings Park Sports Club - although I appreciate this has happened or is happening and a comprehensive/grammar school?
523	Things for teenagers to do to avoid petty crime e.g. smashing wing mirrors off cars.
524	Secondary school especially if more houses are to be built around here. Better transport links to Buckinghamshire. We have no bus that goes north of A40.
527	A community hall
528	Parking spaces at St Peters Church along the driveway between the churchyards
531	Difficult to say. I would, personally, like to see a public swimming pool.
537	Libraries Decent coffee shop

544	Secondary school Post office counter in Iver centre Children's play area in Richings Park.
549	We should have a secondary school in the area.
553	Comprehensive bus service
556	Day centres, clubs for the elderly
559	Bank, library, doctor (Richings Park)
562	Answer A cycling network of well paved cycle tracks to double up as pedestrian walkways
563	Answer More facilities for people of all ages to meet to hopefully secure more community spirit
564	Answer Modernise/extend the playgrounds
565	Answer 1. Village centre parking 2. Richings Park parking (station) 3. Iver High St bypass road
568	Answer Secondary school(s). Could we attract an academy - should the likes of Pinewood Studios be asked to fund a film/tv institute?
569	Answer Library and more things for teenagers to do like internet cafe
570	YES
572	Answer Gym, outdoor sports track. But saying that have local parks
575	Answer We need a dentist in Iver Heath
576	Answer Can't think of any at present but would wholeheartedly support any well thought out additions
577	Answer Not that I am aware of
578	Answer Library
579	Answer A bank and a library
580	Evreham Centre provides many facilities. Iver Village Hall seems to lack events other than Richings Players and lacks club activities.
585	Swimming @ Evreham Centre if feasible.

Vertical line on the left side of the page.
