

33

Response ID	If the Evreham premises were redeveloped, would you like to see the existing facilities retained within The Ivers and if so where?	Final Result				412
		Blanks	Yes	No	Other	
		146	165	5	96	100.00%
1	Yes no more houses	35.44%	40.05%	1.21%	23.30%	
6	Not sure but important a leisure centre is retained.					
7	Within Iver Heath					
8	Yes. Iver Flowerland or Farlows Fishing lake.					
13	Evreham is in a good location - served by bus and central to the Ivers.					
14	Why move if we already have the facilities.					
19	OMG YES - improve Evreham but Do NOT destory this.					
22	Yes, but I don't know where.					
23	Retain existing facilities - if a new school were built - within that complex.					
24	Yes, retained but not sure where.					
25	Replace with new doctors surgeries.					
26	Redeveloped how? Housing? School? We would like the facilities retained. If needed moving then industrial park might have space?					
36	why move it when it is great where it is					
37	Again, redeveloped into what?					
38	Please leave Evreham alone					
40	best left where they are					
41	Leisure facility local.					
45	Keep them in Iver Heath area					
49	Yes, leave them where they are. Yes.					
56	Use school (Iver Junior School) and field at back. It would be more accessible to Iver residents.					
58	Yes with a swimming pool.					
59	Yes					
61	Yes, but only develop into a school. No more houses					
65	NONSENSE - this is a facility that will not be replicated elsewhere					
68	A sports centre and youth centre on Iver recreation ground.					
69	Keep it in Swallow Street as it is now.					
70	Yes, mult functional or within new developments.					
71	Stay where it is.					
72	Yes, but have no suggestions as to where there is an alternative site.					
73	Iver Heath with good parking.					
74	The existing facilities are of no interest to me.					
75	it should've stayed as a secondary school					
78	Iver Heath recreation ground.					
84	Possible use of field adjacent to Church path.					
88	The location is great at the moment, but a pool and fitness areas with regular yoga classes would be great.					
89	Why move from this site. Redevelop where it is.					
90	Yes. As an extension to a new school.					

93	The gym and classes would be very much appreciated soemwhere.
95	Yes. Don't know.
97	Yes - stay where it is and combine facilities with new school.
98	Things are fine as they are. I bought into the area because of the green belt and it is not over developed.
99	Yes/don't know where
105	Use the village halls, the revenue would keep to help maintain them.
106	Yes there are not many Gyms or sports facilities locally.
107	Definitely need to keep the services, maybe Wingroves Land
108	Not as they currently are.
109	St Margarets Close.
111	LEAVE THE EXISTING FACILITIES WHERE THEY ARE AND DEVELO AROUND THEM
112	On the same site, plenty of room if developed well.
114	HAS A LOT OF ACTIVITIES & CLASSES SO WOULD BE GOOD TO USE - MAYBE A HUB SOMEWHERE RICHINGS PARK SPORTS CENTRE.
115	The development could incorporate these specialists users in 1/2 the space used now
117	yes don't know where
121	within the Evreham site
122	YES, WE SHIULD KEEP LOCAL SPORTS FACILITIES
124	THE EVREHAM PREMISES SEEM TO WORK WELL CURRENTLY SO WHY DEVELOP.?
125	Keep the SPORTS Hall and incorporate existing Facilities within any Redevelopment.
127	Not bothered
128	It if anthing should return to a Secondary School as it was about 30 years ago.
130	Keep existing facilities with-in a new school.
131	AT EVREHAM
134	WE FEEL IT IS MORE CONVENIENT WHERE IT IS, AS IT IS WITH-IN WALKING DISTANCE. WE Support ADULT AND CHILDRENS EDUCATION.
135	DO NOT REDEVELOPE WHEN M25 IS GRID LOCKED ALL TRAFFIC COMES DOWN OUR RD, CHURCH ROAD, UXBRIDGE ROAD.
136	IS THERE ANOTHER AREA IN IVER TO REPACE THE EXISTING FACILITIES
143	YES - A lthough I do not use the facilities, it would be sad to see the GO others do benefit.
145	Some facilities could be transferred to current recreation grounds & sports areas.
146	YES, TO BE LOCATED IN OF THE FACTORIES IN IVER.
147	Yes, retain on the present site.

148	A comprehensive redevelopment could retain the well used facilities. The gym is not well promoted, yet is used regularly by a number of people who would miss it and might find it difficult to access something similar. Adult education no longer requires classrooms, multi function spaces could also provide for the music and arts groups. The pottery group is well established with specialist equipment and has a high standard of work, I don't know if that could be retained/reprovided on the site. The dance studio is another specialist space. That site is convenient for Iver Village and Iver Heath and could provide better facilities for young people. The fields are used by football clubs
149	DEFINITELY RETAIN EXISTING FACILITIES. POSSIBLY RELOCATE IN CONJUNCTION WITH IVER HEATH MIDDLE SCHOOL SITE.
151	Yes. It is very important to retain the Evreham Centre. More important is to retain a health and fitness centre locally.
152	A33. The Evreham site is of such size that part of it could be redeveloped and still keep the existing facilities.
155	Thorney Park might work but with better transport links
157	DO NOT WANT EVREHAM PREMISES REDEVELOPED AT ALL.
159	New Hall ect
161	Yes. I would use this is the facilities were better e.g. modern gym.
165	Yes certainly, Bells Road or on land opposite the Red Lion Pub
173	Don't know what the facilities are so can not comment.
178	Industrial area can house brand new state of the art leisure centre with HUGE pool, gym and theatre!
186	I stopped going to the gym as I found the charges expensive . So many cheaper gyms in nearby Uxbridge should be a cheaper facility for the community Something that could be incorporated into a school
189	There is nowhere for the existing facilities to go within The Ivers.
191	No answer other than the one above.
194	It's important to maintain a sports presence in the area.
196	Gym at Trading estate with pool
200	The Industrial estate would a good place with parking as well.
202	No. I don't use it.
204	Don't want to see it redeveloped.
206	As I don't use them, I wouldn't be too bothered.

210	Make it back to a secondary school, but not a faith-based one as was briefly proposed before (I think that has been dealt with now it moved to Stoke Poges)
214	Yes, the area next to the CoOp would seem suitable, it could offer the facilities currently at Evreham and provide village car parking.
218	It would be wrong to dispense with this facility altogether - keep as is.
219	Would be better used as a secondary school if there is to be a lot of extra housing development. Some activities could be transferred to current recreation grounds or sports facilities. Do not know how well used Evreham main building is used now. Adult education could be transferred to either the existing schools , libraries or village halls.
222	IF YOU INTEND TO RETAIN THE FACILITIES WHY WOULD YOU BOTHER TO MOVE THEM FROM THE EVREHAM CENTRE?
228	I am sure younger folk would like this but I have no idea where to locate them.
231	Yes I would. Maybe some of it could be placed in the village hall , or maybe the Bull pub could be purchased and used for some of the facilities .
238	There is no need to move the premises as the facilities here serve the community well
251	Yes. They could be moved as part of one of the planned developments north of the proposed ring road/bypass.
252	I have no view on this.
254	The adult learning facilities and the sports/ leisure must be retained. There are no equivalent buildings or land. For example, there are no floodlit pitches elsewhere and many teams who play elsewhere use it for training. Also there is a trend towards exercising evenings and during the week rather than at weekends which this site can provide and encourage. The site is accessible with good parking. With significant additional housing planned and changes in demographics there will be increased demand as the demographics shift. I cannot think of any equivalent sites or that the provision can be replicated across sites and these sites do not have sufficient access, parking and the proximity of residential properties make floodlighting untenable..
256	something for young people, and could be used as a "community hub"
257	
259	I could go to Slimmers world anywhere!
260	I would like to see it stay where it is but with great improvements to facilities and administration
262	Swimming pool?

265	Yes. On a brown field site that is easily accessible to local residents. However I am not in support of any redevelopment which would remove the open spaces within the Evreham premises, neither would I support development which would create more traffic on Swallow Street which is a residential road.
270	yes - adjacent to Iver Fields.
274	Keep existing facilities
276	I don't think I can answer this as I don't use the services
281	Not qualified to answer this question - See reply 32
285	The site should be used for our badly needed Secondary School and the adult education/sports facilities incorporated in the school after hours. The nursery could be relocated in the new council premises.
287	I want Evreham to be re-opened as a school
289	Yes definitely we do not have any other facilities in the Ivers. The Government are always telling us to improve our skills and keep fit, why get rid of a facility that covers both of these. I think they should stay where they are as it is central to Iver and Iver Heath. The MUGA is always in use with adults and children alike. Why would you get rid of them?
291	N/A I use Hillingdon Leisure facilities
300	Yes! Sports centre & college provide important fitness & social benefits. Why can't they stay there? Field is good place for walking/running to avoid roads or dark/lonely fields
301	This is already an ideal place.
306	I do not think it should be redeveloped as the road infrastructure would not permit it.
307	They should definitely remain on the current premises as all the facilities offered are used by myself and my family.
311	yes , but not sure where
316	Not sure where you could put them.
317	Not sure
318	No, I believe these facilities should remain and enhanced to make them more appealing
319	The council provides nothing else in Iver, why should we pay the same rate of council tax if they close it? The council should negotiate a residents discount at Hillingdon or Langley leisure centres, if it wants to stop providing the service itself.
320	Yes, retained but improved would be acceptable. A gym is still needed for the area even with the college facilities as they do not have early and late access for those who work. It would be nice to have a swimming pool.

324	Sports facilities are essential for the community, particularly for teenagers to have a safe place to hang out in after school. The classes are also a good way for the community to join together. It would be a shame for this to be redeveloped for residential homes.
328	Yes, location Unknown.
331	USE THE PREMISES OF NEW SECONDARY SCHOOL FOR AFTER HOURS CLASSES AS USED NOW.
347	Leave Everham where it is
351	Yes, but how would I know.
355	Quality sport, leisure and playing fields are important for a local community. Evreham is run down and no longer fit for purpose
356	Simular facilities could be provided by developers
358	Yes, near flowerland.
361	I would not like to see it developed, because traffic in Swallow Street will be become crap, especially with the various parts that has excessive on street parkign p- any development at Everham MUST put the traffic out onto Wood Lane
367	At the same site but better designed
370	I would be very disappointed to see the site developed for other purposes. Its central positon in the Parish is a considerable advantage. In my view, developing it (e.g. as a school) would place an intolerable burden on the local road system.
372	I was sad and effected by Evreham secondary school being shut so not a great subject for me as was badly effected by the closure
374	Yes, there's nowhere though in the lvers that gives those facility's of sports hall, fields, youth clubs and education space.
375	Leave Everham as it is.
389	Would like to see it retained
392	The existing Evreham premises should be improved and maintained encouraged for the locals. The existing facilities help to keep the local children off the streets and somewhere for parents to take children too.
393	I GUESS THERE IS A NEED FOR THESE FACILITIES, AND THEY COULD BE RELOCATED TO THE AREA BETWEEN HK&L AND THE CO-OP.
396	I'm not aware of the importance of these facilities so don't feel best placed to understand the impact to the community. However, I'm not aware of any one in my local community that goes there.
398	I do not think that Evreham should be redeveloped - it should be maintained

400	I would like to see facilities added that are walkable/cyclable from Richings Park as well as Iver Village. Currently, the pathways are poor and traffic makes road use too dangerous - especially at night or in inclement weather.
402	Better sports centre with pool and a full timetable of classes for all ages.
405	YES AS THIS IS A VITAL PLACE FOR SPORTS AND LEISURE, FOR BOTH YOUNG AND OLD PEOPLE
407	It would seem worthwhile to retain the existing facilities - bearing in mind the fact that I have never used them...
409	New secondary school
415	They must be retained ideally where they are even if it is part of a school
416	The Evreham Centre facilities really must be retained but I do not know where. This is a fantastic community resource. Perhaps a new secondary school could incorporate the facilities currently offered so that the school itself becomes the hub of the community.
431	Secondary school with after-hours adult education.
435	Retained within the Ivers
440	Yes. Not sure where but on public transport route
446	Q33 Possibly integrated with the moved recreational facilities I suggested earlier to the Iver Fields SOUTH EAST A412 areas.
460	Yes and don't know.
464	Evreham should be redeveloped back into a secondary school, then the existing facilities would be retained.
466	I would want to see Evreham's facilities still continuing, but am not sure where else you could put them.
467	Leave it as it is
468	The site should retain a sport facility if possible. If not relocation to other open space designated for this on the edge of the settlement.
469	If a school were planned, the sports facilities could be shared with the community, which could help to fund the development through memberships etc.
471	Yes - important facility. Not sure where else it could be put
475	Bring back the secondary school with after school clubs for the kids. Open up the facilities for adults during the evening ie cooking classes/sports etc etc
477	I don't use it so have not got an answer.
483	Build a new school with community facilities.
485	I can't comment having not visited the current site
486	Leisure facilities with swimming pool

488	Development Brief required for the whole site subject to community consultation as this land is owned by Bucks County Council
498	As we have a sports facilities within the Ivers then it should be maintained.
500	It is quite a big site. Could combine existing and a new school
504	Secondary School
510	In Iver village
511	Don't redevelop except to extend current facilities i.e. opening hours.
512	Yes - improvements to IH Recreation Ground and new Community Hub
513	Yes to keep in Iver has to have on site parking
514	yes on land South of Iver Village
517	Could the Evreham site not be extended to incorporate secondary education alongside existing facilities
520	There is no obvious place for a sports centre. Iver rec is dominated by football usage as is the pavilion
522	Should be redeveloped into secondary school
523	Gym/especially as Langley has closed for 18 months. This road is already busy with 20+ houses added already this year. This is the only green space other than commercial parks Langley and Black Park, too many houses there already (Evreham area).
524	If it was redeveloped as a secondary school then it could still have sports centre, nursery, adult education.
528	Unsure if there is sufficient demand. Surely if a school was built the premises could still be used out of school hours
530	Yes, gym/sport facilities very important
531	Yes. I would like to see the existing facilities retained within the Ivers. As for location, somewhere central to the three villages would be sensible. See also my answer to Q16.
533	Although I don't use the facilities at present I would like to see the facilities retained
534	It supports a number of businesses, these should have provisions especially the nursery given its has had to move already
536	The Village Hall
539	yes but not sure where
540	Do not want Evreham redeveloped
544	New buildings on brown field site. Upgrade facilities of Iver Village Hall.
549	Richings Park sports club and Iver Village hall perhaps
553	Yes - but leave Evreham as the centre if possible
554	As is
556	Prefer it not to be developed
559	Somewhere more central to the three Ivers

560	Answer How utilised are the existing facilities? The last time I was at Evreham the building was nearly empty. Evreham is the place to develop
562	Answer Yes - sport and adult ed.
563	Answer Where they are now at Evreham
568	Answer Need to retain and develop same
569	Answer Yes and a secondary school
570	Answer Yes. No development though
573	Answer Yes as part of the school
579	Answer Yes, they could be located to the Village Hall, St Peters Centre, Kings Church Hall
580	100% yes and if The Ridgeway was redeveloped with a bus service that would be more central.
