Scope of the Business Continuity Plan

The Civil Contingencies Act 2004 places a duty on a principal authority i.e. Buckinghamshire Council that it is prepared, as far as reasonably practical, to continue to provide critical functions/assistance in the event of a disruption. Whilst this is not a statutory duty for a Town or Parish Council, it is the intention of the Ivers Parish Council (the Council) to recognise the importance of producing and maintaining a Business Continuity Plan (a BCP) for implementation in the event of disruption to the day to day running of the Council.

This plan provides a framework for the Council to mobilise its response and undertake work to prevent or mitigate the severity of potential disruptions. This plan identifies the first reactions, recovery objectives, structure for implementation, monitoring, follow-up procedures and communication process to keep everyone informed of necessary changes to service delivery.

Description of Business

The Parish Council is the body that represents local opinions. It is consulted on all planning proposals including the Local Plan, and is currently preparing a Neighbourhood Plan, all licensing applications and has regular requests for opinions on a variety of matters such as Heathrow Expansion, Pinewood Developments, Air Quality Action Plan, footpaths, road safety, library services, ancient monuments and trees. In addition, it is responsible for two recreation grounds, a nature reserve, two children's playgrounds, a closed churchyard, burial ground, local street lighting and allotments. It also gives grants to local organisations and provides Christmas lights and summer floral displays.

Our Customers

The residents of Iver, Iver Heath, Richings Park, Wood Lane, Shredding Green, visitors to Iver and any other individual who qualifies to use the services we provide.

Role of the Councillors

Councillors are democratically accountable to residents of their Wards. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them. In addition, Councillors :

- are collectively the ultimate policy-makers and carry out a number of strategic and corporate management functions;

- contribute to the good governance of the area and actively encourage citizen involvement in decision making;
- effectively represent the interests of their Ward and of individual constituents;
- respond to constituents' enquiries and representations, fairly and impartially;
- participate in the governance and management of the Council;
- maintain the highest standards of conduct and ethics;
- serve the public interest and take decisions having regard to the interests of the whole local community; and
- act as a responsible employer and ensure the safety of all staff.

Recommended Maintenance

This lays out how often this document should be updated. Some information will change frequently, some less so. Items which may need to be updated regularly include:

- Team members
- Managers' responsibilities
- Applications (new or significant changes to existing)
- Insurance provider and contact details
- Internet / telephone provider and contact details
- Staff contact details

Business Continuity Overview

Purpose

The purpose of this plan is to prepare the council in the event of extended service outages caused by factors beyond our control and to restore services to the widest extent possible in a minimum time frame.

Outcome

The outcome of this plan is to ensure that the council can maintain a good level of service for our residents and stakeholders.

Plan objectives

- Serves as a guide for those implementing our business continuity plan
- Assists in avoiding confusion experienced during a crisis by documenting, testing and reviewing recovery procedures.

- References and points to the location of critical data.
- Provides procedures and resources needed to assist in recovery.

Key staff

If a disaster occurs the members of our team tasked with enacting this plan are:

- Clerk
- Chairman
- Vice-Chairman

Staff Welfare

It must be recognised that an incident that results in the enacting of this plan may also cause additional pressures for staff. Staff members need to be given clear direction about the priorities of the council. Managers must ensure that they monitor staff more closely to ensure that their welfare is maintained.

Staff should be aware of what their role is when a major disruption occurs. Clear and concise communication with staff is pivotal to having an organised response. Staff must be made aware of what communication methods are going to be used so they can find out the latest information, if they are going to be working from a different location than normal.

Managers who suspect that staff members have suffered undue stress or even trauma from the business disruption must consider helping those staff who have been affected.

Communicating with staff

The Clerk will communicate with staff all updates and news regarding any emergency incident.

Thereafter, all communication with the press will to be through the assistant clerk, (communications and community engagement)

Communicating with Councillors

The clerk shall, in the first instance, notify all Councillors of any updates and news regarding an emergency incident.

Communicating with the Public

Communications with the public should be via the IPC website, social media, local news outlets and notice boards all to be issued by the assistant clerk, (communications and community engagement)
