

Hi Stephanie

Many thanks for your email and apologies for the delay in replying.

My name is Ruth Roll and I have been managing the Lakeside EfW stakeholder engagement programme since before the original planning application was submitted to SBC.

Throughout that programme, Iver Parish Council has been one of our key stakeholders – and members of the PC have visited both the site and the Education Centre – which is also the venue for our Liaison Group meetings.

I can't be precise about the early timeline – but I think the first Liaison Group meeting was in January 2001. The facility opened in 2010. We agreed with Katy Wallis (the then SBC Planning Officer) that the Liaison Group should have a maximum of 12 attendees (preferably less). The founder members included representatives from:

- Grundon
- SBC
- Colnbrook Poyle PC
- CRUA (Rod Users Association)
- Horton Parish Council.

This list of representatives changes over time. CRUA is no longer involved and neither is Horton PC – and I'm not quite sure when Ivers PC and Richings Park Residents Association became involved.

The current list of liaison members (dated May 2020) is attached for your information – although I suspect there have been some changes over time. I would be most grateful if you could please let me know of any changes from Iver PC and Richings Park RA.

At the time of formation, the key objectives identified were to:

- communicate progress to the local community
- keep the local community informed of any potential noisy operations which may arise from time to time during construction work
- enable the local community to be involved with the Education Centre
- elect a Chairperson (Richard Skehens – ex MD of Grundon and a member of the LKS Board) – who is still the Chair of the Liaison Group.

For newer sites, we have a more detailed template for Liaison Group meetings. When Richard is back from holiday, I will check with him to see if this may be appropriate for LKS use and if so, will forward it (or something like it) to you.

In the meantime, could you please let me know whether there have been any changes in the Iver representatives?

Many thanks.

Kind regards

Ruth
