Briefly describe the project / purpose for which you require a grant.

Hopefully, the IPC have been aware of the work by the Richings Park Gardening team to improve the look and feel of RP.

Regular grass cuts, widening pathways, cutting back trees etc. We now have 20 + volunteers who are out every weekend. Everything that the team does is long term and sustainable. We have a track record of delivering as a Residents Association (ie the Playground in Richings Park) and as a gardening team for the last three years. We have successfully raised funds through residents and grants from the IPC and BCC and purchased equipment and built a shed for storage.

On going costs are estimated at c£250 per annum for petrol, grass seed, equipment repairs etc.

How will the project or activities benefit the residents of The Ivers?
Please include estimates of the number of Iver residents that will receive a direct benefit from the project or activities.

Maintaining the look and feel of the village is important for health and well being. With only 4 cuts per annum by BCC the only way to achieve this through volunteers, however there is a hard cost which we do need to cover.

This will benefit at least the 800+ homes across Richings Park.

Please provide a breakdown of the costs of your project.

Petrol £10 x 10 = £100
Seed = £50
Misc replacement parts and mower servicing = £100

I attach a copy of our annual accounts.
