320/21 DECLARATIONS OF INTEREST

No declarations were made

321/21 PUBLIC PARTICIPATION

The Member of the Public asked the Council what were its top three priorities and for an update regarding the development applications related to Pinewood.

The Vice Chair provided an overview and explained that they were the Neighbourhood Plan, and working toward Net Zero initiative .

Cllr Matthews added further detail in that the Community Board had set up a Working Group to consider the community mitigation requests associated with this application. A response was awaited.

The Member of the Public is concerned that we need to take care of the people who live in the vicinity and who are prevented from leaving their driveways due to parking deficits.

The Vice Chair explained that the council had agreed 2 top priorities to date; Net Zero and The Neighbourhood Plan. The timeline for the Neighbourhood Plan was provided with the \Council anticipating a late November/early December submission of its Plan to Bucks Council to commence the next stages on its way to referendum. and the Vice Chair explained that the current focus of the Council on net zero was its operations

322/21 GRANT APPLICATION

RESOLVED that

324/21 VICE CHAIR ANNOUNCEMENTS

The Vice Chair reported that a new member of the Grounds Maintenance Team, Dolci Grove, will shortly be commencing. Dolci is very keen to work in an outdoor role looking after open spaces and the Team are looking forward to her arrival.

The Vice Chair also reported on a number of complaints being received regarding untaxed vehicles parked on the Highway; this is mainly in Iver Village with a few in Iver Heath. When this occurs and the vehicles are not moved in preparation for resurfacing works then the works are cancelled. This is a big concern of residents who not only have to navigate these untaxed vehicles but also are not receiving remedial works to nearby roads.

Councillors felt that it was a minefield knowing who to report to but that it was important to galvanise residents to report to the DVLA and to Bucks Council.

The Vice Chair also reported on the meeting of the Ivers Action Group last Friday however the MP was not able to attend...she was represented by members of her team who reported on actions that the MP has taken. A discussion was held regarding the Pinewood Screen Hub UK development application and its adverse impacts on the community. The meeting was advised that the MP reports the minutes of the meeting online via her website.

The Vice Chair was pleased to announce that everything is arranged for the Christmas Lights Event that will commence at 2.30pm on Saturday 20th November and run until 8.30pm. The lights switch on is at 4.30pm and there will be entertainment and food available. The Vice Chair asked for councillors to assist with the event and to get in touch with Cllr Peter Stanhope.

The Clerk thanked Cllrs Sullivan, Burke and Gupta for their due diligence work and reported that Worknest had been appointed as Health and Safety, and HR advisors to the Council. The account was being set up and it was anticipated that dates for audit would soon be agreed.

332/21

NEIGHBOURHOOD PLAN

The request from Bucks Council for a written response from the Parish Council regarding the provision of a relief road was discussed. It was emphasised that Bucks Council are prepared to consider the withdrawal of their objections to the Neighbourhood Plan if the Parish Council confirms that it no longer wishes to pursue a relief road.

Councillors discussed the difficult position that it places them in as the community has increasing concerns regarding congestion, HGVs through the centres and the very poor air quality however this must be assessed against the backdrop of a relief road for the whole of the Ivers being unachievable due to the cost that was quoted by Bucks as circa £140 million and that was before the pandemic and recent rises in costs. For this reason the Neighbourhood Planning Group wrote the Neighbourhood Plan with the aim of encouraging non HGV uses of the land and encouraging traffic mitigation measures.

Councillors felt that it was important to make it clear to Bucks that the only option that would be supported by The Parish Council is a relief road for all of The Ivers. As this option is unachievable due to cost then the Parish Council does not support any form of relief road of certain sections of the community.

RESOLVED that

The Clerk be delegated to draft a suitable response in consultation with the Vice Chair to be submitted to Bucks Council

333/21

BUDGET 2022 – 2023

The Clerk introduced the budget report and took the Council through the sections. This was the first document that pulled together the committee recommendations. The Clerk explained to councillors that the pay award agreement was still pending for 2021 – 2022, and that a figure of 1.75% had been used for the 2022 – 2023 calculations.

The taxbase figure for 2022 – 2023 had not been made available by Bucks Council and if substantially different from 2021 – 2022 this will make a considerable difference to the individual household costs.

Councillors expressed a wish to look at using reserves but also noted that the budget needed to be sustainable to enable the council to continue to achieve benefits for the local community. At the same time it would now be possible, following the reinvigoration of Iver Heath Recreation Ground Charity, to apply for funding for improvements to the Recreation Ground and Assets

RESOLVED that

The decision on the budget be deferred until the December meeting

334/21 IMPROVEMENTS AND EFFECTIVENESS
