Subject: RE: [EXTERNAL] The Ivers Parish Council - Anti Social Behaviour at our Recreation Grounds

Hi Jem

Thank you for highlighting this ASB issue. I'll also forward to our ASB team Stuart and Garin for their input.

Can you confirm please if TVP neighbourhood is aware and if so which PSCO has been informed, we can then link in with local police team and what the ASB issue is e.g. drink, drug use, criminal damage and the age group of young people.

I'm not too familiar with the youth provision in your area, do you have a local Youth club that may assist in youth outreach work. I'll also speak with BC Youth co-ordinator whether they have any local youth services contacts.

Thank you

Regards

Chris

Subject: [EXTERNAL] The Ivers Parish Council - Anti Social Behaviour at our Recreation Grounds

You don't often get email from deputyclerk@iversparishcouncil.gov.uk. [Learn why this is important](#)

Good morning Chris,

By way of introduction, I'm Jem, I'm the Deputy Clerk at The Ivers Parish Council.

We have been experienced levels of ASB at our recreation grounds over the summer into the autumn. This has been discussed at various Council meetings and at the last meeting Councillors asked me to make contact with you to ask if you might be able to give us your opinion of your top 3 suggestions as to any actions we might be able to consider taking.

We employed the services of manned visible guards over three hot weekends for a random hour which proved successful albeit producing any qualitative data was impossible.

Any thoughts you may have that I can share with Councillors will be gratefully received.

Kind regards,

Jem
